What scenarios await the Catholics of the world if Trump should lose?

If Trump loses the presidential elections, the final *kathèkon* [withholder] will fail (2 Thess 2:6-7), that which prevents the "mystery of iniquity" from revealing itself, and the dictatorship of the New World Order, which has already won Bergoglio over to its cause, will have an ally in the new American President.

Also, as an attorney, Vigano knows that this paragraph is blatantly false shilling.

Let's take it line by line.

As a Catholic and as a bishop, how do you judge what Trump has done?

I limit myself to observing what Trump has done during his term as President. He has defended the life of the unborn, cutting funding from the abortion multinational, Planned Parenthood, and just in recent days he has issued an executive order that requires immediate care for newborns who are not killed by abortion: up until now they were allowed to die or they were exploited by harvesting their organs and selling them. Trump is fighting pedophilia and pedosatanism. He has not started any new war and he has drastically reduced the existing ones by obtaining peace agreements. He has restored God's right of citizenship, after Obama had even gone so far as to cancel Christmas and impose measures that were repugnant to the religious soul of Americans.

"He has defended the life of the unborn." With words. He's also given billions of our \$ to farm aborted fetal dna in hopes of injecting us with it. He also insisted on funding federally the state lockdowns, which is what his unnecessary declaration of a state of emergency does.

Right after Trump fake cancelled the \$116 million we were giving to the WHO, he gave \$1.16 billion instead to Bill Gates' GAVI. Proof in vid.

1. 2nd to us, who funds the WHO the most? (Gates).
2. Notice anything about those numbers?

Under the Trump administration, funding for Planned Parenthood has already reached unprecedented levels.

The abortion chain receives more money today than they did under the Obama administration.

It's time to hold them accountable for their crimes against children!

Joe Biden abandoned his historic support for the Hyde Amendment, has pledged to use taxpayer dollars to fund abortions at home and abroad, would fund Planned Parenthood at an unprecedented level and supports late term abortion.

Business Is Booming: Planned Parenthood Reports Record-High Abortions

Planned Parenthood is now reporting record-high numbers of abortions nationwide.

Planned Parenthood has another big year thanks to Trump and the GOP

Earlier this year, the pro-life movement that depends on the murder of the unborn to make money just as much as the abortion industry does could hardly contain itself after the 9th Circuit Court of Appeals upheld a lower court ruling allowing Donald Trump's "Protect Life Rule" to go into effect. The rule allegedly denied Planned Parenthood of the approximately \$60 million they received annually via Title X, the government program used to provide family planning and related preventative health services.

In an article I wrote at the time, I shared how the Protect Life Rule did little to defund Planned Parenthood, and how it would do absolutely nothing to reduce the number of abortions. I gave two reasons for reaching these conclusions.

First, the White House openly admitted the Rule wouldn't "necessarily defund Planned Parenthood." All the baby butchers had to do was incorporate some creative bookkeeping to "disentangle taxpayer funds from abortion" to keep getting paid. Second, Planned Parenthood doesn't need Title X income to begin with because the Medicaid and other

The media has all been propaganda herding you into a dialectic since the smith-Mundt act was repealed in 2012.

They don't care if you're conservative or liberal, so long as you get in one of the lines. They sow confusion and omit the truth.

If you think the media got really weird around 2012, you're right. Congress neutralized 2 previous acts: the Smith-Mundt Act of 1948 & Foreign Relations Authorization Act in 1987. They had been passed to protect U.S. audiences from our own government's misinformation campaigns.1/
